Under Sec 3 of the Dist Bds Rgn, there is provision enabling the Govt to form any local area into a Dist Board, which for the purposes of these Regulations may be declared by Govt or by a notification in the Official Gazette from time to time as such. Hence it is possible to form a Dist Board constituting the Revenue Subdivisions of Mandya & Srirangapatna into the Mandya Dist Board immediately.

The present Mysore Dist Bds were reconstituted with effect from 1st August 1936. and in the usual course, its term expires on 31:7:39. The point for consideration is, if the Mandya Dist Board is constituted afresh, whether the present members of the Mysore Dist Board who are elected from the Taluks which now go to form the new Dist Board may continue as such or whether fresh elections should be held. If the latter course is to be adopted, it has for consideration how the cases of the present members have to be dealt with — whether

they may be asked to resign & stand for election. Even in that case, the strengths of the two Dist Bds will have to be fixed afresh. There would be much difficulty in the bifurcation synchronising with the Constitution of a Revenue Dist for Manjya or with the period of expiry of the present terms of the Mysore Dist Boards in June 1939. The Law section may be consulted how this difficulty may be overcome in case it is decided to give effect to the Council decision from 1.7.1938.

which might go by the old name, the old members can continue.

I may observe that when a similar situation arose in Madras in 1934, as a result of the splitting up of the Boards, during the middle of the term of the board, the Madras Govt did not like to have the bother of fresh elections, and so they passed an amending Act II of 1934, Section 62 of which provided that the Madras Local Boards Act of 1920, as amended by that Act, had to be read subject to the rules contained in the schedule. Rules 7 (b) and (d) of the said Schedule enable the members that had been elected to the old board by the Taluks falling within the new districts, to be members of the new district boards respective comprising those Taluks; holding the office until the date on which they would have vacated their office on the old district board by effluxion of time. Under sub-rule 9 (i), the president of the district board holding office on the date of the notification re-bifurcation, was also permitted to be the president

As French-Rocks has been newly constituted into a separate taluk it may also be given 2 elected members. This raises the elected strength ~~to Mysore~~ in Mandya district from 12 to 15. I propose that another elected member may be given to Mandya, Maddur or Malavalli (whichever has the largest area, population and local cess revenue) to bring the number to 16, so that there can be 4 ex-officio members - The S.D.O., Mandya, the S.D.O., Serangapatnam, Executive Engineer Mandya and Health Officer, Mandya - the minimum ex-officio members necessary, as it is not possible to have 4 ex-officio under Section 5 unless elected strength is 16. ~~Of~~ Au the 4 elected from special constituencies will be from the new Mysore District alone. Whether the special constituencies should continue can be examined under rule 5 of the District Board Election Rules, but unless it is decided to disenfranchise any association, the present number may continue. There will not be any special constituencies for the Mandya District for the present. There are now 9 nominated members. In future their number will be 5 for the Mysore District, and 4 for the Mandya District. Similarly there will be 5 ex-officio members in the former and 4 in the latter. Subject.—

Bifurcation of the Mysore District Board.

His Highness was graciously pleased on the 1st May 1937 to approve of the following Resolution of the Council held on 10th April 1937:-

> "Steps may be taken to bring the scheme of bifurcation into effect from 1st July 1939. Meanwhile, the Revenue Commissioner may be asked to work out all details regarding buildings for offices and quarters.
> "The question of the bifurcation of the District Board may be taken up as early as possible".

The Mysore District Board was reconstituted on 1st September 1936 and in the usual course its term expires on 31st August 1939. It is proposed to have in place of this District Board, two District Boards, one with headquarters at Mysore, comprising the area in the Revenue Sub Divisions of Mysore and Nanjangud, and the other with headquarters at Mandya, comprising the area in the Revenue Sub Divisions of Mandya and French Rocks.

The total strength of the two District Boards will be 59 as against 50 which forms the present District Board of Mysore. The details are shown below:-

Subject.—

Bifurcation of the Mysore District Board.

The term of the Mysore District Board as at present constituted will expire normally on 31st August 1939.

In pursuance of the Resolution of the Council dated 10th April 1937, graciously approved by His Highness on 1st May 1937, it was thought that the District Board might be bifurcated without waiting for the constitution of a new Revenue District with headquarters at Mandya and it was proposed to constitute the new District Boards with effect from 1st September 1938. This was graciously approved by His Highness on 10th March 1938.

It is now represented by some of the members of the Mysore District Board that this decision would compel them to seek re-election before their term was completed and that the present political circumstances were not favourable for holding general elections. They accordingly submitted that the present members might be allowed to continue as members of the respective new Boards until the expiry of their term in the normal course. This suggestion, not being in conformity with law, could not be accepted. But it was considered inexpedient to hold general elections at the present time throughout the District as they would afford scope for political activities of an undesirable character and that the scheme for establishing two separate Boards for the District might as well be put off till 1st September 1939, when the present District Board would have completed its term of three years.

Orders have been issued accordingly with the concurrence of the Dewan and the First Member of Council, in view of the urgency of the matter. The papers are now submitted to His

To this must be added the actual balance at the credit of the District Board in the Treasury Pass Book which has not been furnished.

The Deputy Commissioner recommends that these assets in equity should be divided equally between the two Boards ~~in equity~~, as it cannot be ascertained how the savings arose or in what proportion each part of the District ~~has~~ contributed to this saving.

This may be approved. The Dtbd must pay up all arrears of contribution etc before 31-8-1938.

~~As to~~ the other assets in the shape of property, movable and immovable that have been built up by the existing Board with the help of borrowed capital & savings are the following:

The Nanjangud-Chamarajanagar railway ~~cess~~ was financed out of a loan of 8 lakhs borrowed in 1924-25. The sinking fund accumulated to Rs.3,96,583 or nearly 4 lakhs by December 1934. The Board raised another loan of 7 lakhs from Government in 1935 and out of this utilised 4 lakhs for clearing the old loan. Even this loan from Government has been repaid by raising a debenture loan of 7 lakhs at 3½% payable in 15 years. The annual liability of the Board on this subsisting debenture loan of 7 lakhs is-

Sinking fund	..	Rs. 25,000

This has to be paid from the railway earnings and the railway cess income. The net earnings from the railway on an average are Rs.20,000. As the entire district has contributed to the railway, I suggest that the railway may remain the common property of the two Boards and the income of Rs.20,000 or whatever it may be utilised for forming the sinking fund. The balance of about Rs.29,500 or nearly 30.000 or whatever it be will have to be found from the railway cess income of the two Boards. In the year 1934-35 when the subsisting loan of 7 lakhs was raised, the income from ~~the~~ railway cess from the Mandya area was Rs.18,000 and from the Mysore area it was 27,000. The two districts may contribute Rs. - 30,000 in the same proportion i.e., Mandya paying Rs.12,000

MYSORE DISTRICT BOARD.

No.

Office of the President, District Board,
Mysore District,

Encl:

Mysore, Dated,

Explanatory Memo accompanying the statements of Receipts and Expenditure relating to the proposed bifurcation of the Mysore -- District Board for the years 1935-36 and 1936-1937.

-o-o-o-o-o-o-

R E C E I P T S :-

76 percent of Local Cess on Land Revenue:-

1. Talukwar details of collections are not noted in the Pass Book of this office; so Talukwar collections relating to Taluks comprising the proposed Mandya District Board were ascertained from the Deputy Commissioner's office and information about the Local Cess of Irwin Canal area was got from the Taluks Maddur & Mandya concerned. The figures worked out accordingly have been incorporated in the statements.

67 percent of Excise and Forest Revenue:

2. Talukwar credits under this head are not available in this office. Quarterly statements of credits under these heads are being received from the Comptroller and necessary adjustments made in t h e books of this office.

It will be seen from the provisional budget received with Local Self Government Secretary's letter under reply that a sum of Rs 27898/- and Rs 5,659/- are shown as receipts from these Sources for the Mysore and Mandya District Boards respectively, which is in the proportion of 5 : 1 roughly. The realisations under these heads are calculated on this basis and shown ascordingly.

T o l l s :-

During 1935-36 the administration of District Fund tolls was transferred to the Revenue Department. The realisations from July to December 1936 relating to each of the District Boards were worked out as per figures available in this office and have been shown accordingly in the accompanying statements.

For 1936-37. a sum of Rs 5,570/- was credited to District Funds on this account - on account of toll revenue due to the Board. O u t of this, Rs 960/- relates to the Taluks comprising the proposed Mandya District Board and the balance has been taken credit for the Mysore District.

Ferries, Market Collections etc.,

The figures relating to these items have been worked out as per

per particulars available in this office and embodied in the statement.

Road Cess:-

The receipts under this head have been equally divided between the two Districts and furnished accordingly as no Talukwar details are available.

E.E.Railway Account:-

This item comprises realisations from Railway Cess as well as the District Board share of Railway Revenue received on account of Nanjangud-Chamarajanagar Railway. As this account has fixed liabilities, such as outlay on capital works, payment of interest on 3½% Debenture Loan and payment of Sinking Fund charges and as it could not be divided between the two District Boards, the receipts and expenditure under Railway account have both been shown under Mysore District only. No expenditure has been incurred on account of Sinking Fund charges during 1935-36 and 1936-37. Provision of Rs 41,000/- has to be made on this account from 1937-1938 and onwards. Hence this item has not been shown in the statements.

E X P E N D I T U R E.

A. Public Works executed by the Public Works Department and

B. Public Works executed by the Civil Agency.

The particulars as ascertained from the Public Works Department under this head combined with the information available in this office have been consolidated and necessary information furnished in the statements.

C. Administration - pensions and gratuities.

The expenditure under these heads have been equally distributed between the two District Boards and information furnished accordingly.

As for the figures furnished under several other items, they have been adopted as per the accounts available in this office.

Yours P R E S I D E N T,
DISTRICT BOARD OF MYSORE.

SECY LOCAL SELF GOVT. 30 MAR 1938 GOVT. OF MYSORE

P. H. Krishna Rao, Esq., L.A.,
Secretary to the Government of Mysore,
Local Self-Government Dept., *Bangalore.*

SIR,

Subject:- Bifurcation of the Mysore District Board.

In continuation of this office letter No. D3-3166/37-38 dated 9th March 1938, regarding the above, I have the honour to forward herewith, two statements, viz., one showing the collection of water-rate and cesses under the Irwin Canal area from the date of its inception up to the end of December 1937, and another showing the probable amount of water-rate and cesses that may be anticipated after full expansion of the Irwin Canal.

2. It will be seen therefrom that the probable amount of water-rate that could be realised after full expansion of the canal may come to Rs.9,13,311/- and the total amount of cesses leviable thereon, amount to Rs.99,889/-, as noted in the margin.

* Local Cess	Rs. 5,708/-
Railway Cess	14,269/-
Education Cess	28,539/-
Total:	Rs.99,889/-

3. As regards requirements of the locality, owing to the development of [illegible] irrigation, the wet area has increased and the existing roads and cart-tracks have become quite unfit for traffic. Owing to the flow of seepage water, some nallas will always contain water, rendering passage of carts difficult. There is therefore great necessity to open out more roads and improve the existing ones, by constructing culverts and bridges. Government have recently sanctioned a sum of two lakhs for this purpose and a programme has been chalked out.

4. With the development of irrigation, the area is bound

to

to become unhealthy. Besides rendering medical relief, steps will have to be taken to prevent the spread of - disease by Dispensaries and Health Units, for which the Board will have to find funds out of its annual income.

I have the honour to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
Mysore District.

Memorialists:-

The undersigned members of the District Board,
Mysore District.

The Memorialists humbly beg to submit as follows:-

1. That the Memorialists are the elected Members of the District Board, Mysore in the year 1936, to act for three years under the rules.

2. That the rules in this connection permit for extension of the services of the elected members and there is no provision for making these members subject to re-election before the expiry of the original term, when they are quite justice to the due discharge of their duties.

3. That the present arrangement to bifericate the District and make the Members to stand for re-election is inadmissable and is causing great inconvenience and loss to the present Members. But the extended number of new candidates may no doubt be allowed to stand for election, while the old Members remain as they are.

4. That the Members connected to the respective taluks may be taken as members of the respective districts to which they are attached in view to create a convenience and facility to the present members. It is not out of place

(P.T.O.)

place to state the present political circumstances cause more complication in the course of election.

Under the circumstances we the Memorialists humbly request your goodself, to kindly consider all the matters in detail and allow the present members to continue along with the additional new members to be elected.
